ITS TONIGHT—Pres. "SI" Slocum
of the bowlers league says the meeting
of the clans to talk over bowling stuff
will be tonight, and not yesterday
night, as was hopefully predicted in
The Republican yesterday. Slocum
averts that haste is all right, but that's
too hasty. He predicts a lot of pep at
the session.

ORME RETURNS—President Orme
of the Water Users returned from Los
Angeles yesterday. He went to the
coast for a vacation, but in course of
his rest found time to be present at
the marriage of his daughter Miss
Doris a week ago. He also conferred
with engineers in the United States
reclamation service concerning the
Salt River project.

PHILATHEA SPREAD—Twenty
members of the Baraca and Philathea
classes gathered around a table of good
things to eat spread by the latter in
the parlors of the First M. E. church
last evening. The chief object of the
meeting of both classes was to com-
bine the social and business matters
and the following officers were elected:
president, Howard Winslow; vice pres-
ident, Florence Tremaine; secretary
and treasurer, Effie Pierce.

A CHAPTER OF ACCIDENTS—It
was just one thing after another yester-
day with Mrs. Wylie and Brockway.
First Elizabeth Morkely, a little girl
living eighteen miles from town was
brought suffering from a rattlesnake
bite. She was hurried to the hospital
and given treatment. Next Charles
Corrigan kicked by a horse and had
two ribs broken. He too was taken to
the hospital. Late in the afternoon
Mrs. James Reilly living in the south-
ern part of the city was stung by a
scorpion. Last night the victims of all
these accidents were resting easily.

INDIAN COMMISSIONER—Dr.
Abul Fazl, L. L. D., H. H. S. of Kapur-
thala, India, was appointed yesterday
by Governor Hunt the commissioner
of deeds for the state of Arizona in
India. In the application for the ap-
pointment sent in by the new com-
missioner was a postal money order
mailed from India made payable to the
state, for ten shillings and three pence,
which pays the fee for the appoint-
ment. Commissioner of deeds in the
country of India amounts practically
to the same thing as notary public in
this state. Abul Fazl is the commis-
sioner for New York, Illinois, Ohio,
Pennsylvania and Arizona at the pres-
ent time, all in India.

WHO WANTS A CHEW?—Since
the leaving of Charles R. Osborn, sec-
retary of the board of control, there
has been sent to the office of the board
a large plug of chewing tobacco, as a
sample. Although it is a well known
fact that Charles does not use the nox-
ious appetizer, it is a shame to have it
come to the office for testing, at the
time Miss Plumridge, acting secretary
to the board, is in charge. Osborn
might learn to use the weed, and to
that extent the tests would be easy, but
to expect Miss Acting-Secretary to
make the trials and to pass on the
worth of the tobacco, to expect a woman
to take to the pernicious habit of
chawin' just to pass on the relative
worth of the dope as food for convicts
and lunatics, to offer a black, ugly
plug of tobacco to a fair stenog.,—the
insult is too much. It is ground for
the sender to get down on and apolo-
gize; and in the south it is gross
enough injury to cause a shooting. Be-
ware, ye shippers, you are danger-
ously near the south.

WOULD DO HIS BEST.
Lady (to tramp)—Now I hope you
won't spend the money I've given you
for vile liquor.
Tramp—I'll get the best I know
about, mum; but I ain't no connoisseur.
